

PRO-MAC ELITE CONFERENCE CHAMPIONSHIPS

PRO-MAC ELITE rankings will be determined by the cumulative point totals earned at ALL PRO-MAC tournaments and will be the basis for our year-end awards including Conference Champion Letterman Jackets.

Points from every PRO-MAC event a competitor attends (in both regions) will be combined to determine the PRO-MAC ELITE Divisional Winners, Divisional Top 5, and the Conference Champions.

The PRO-MAC ELITE Divisional Winners and Top 5 are determined for each rated tournament division by the cumulative point totals earned by a competitor at ALL tournaments across the entire conference.

The PRO-MAC ELITE Conference Champions are determined only by the cumulative point totals in the rated Grand Champion divisions earned by a competitor at ALL tournaments across the entire conference.

PRO-MAC REGION CHAMPIONSHIPS

Region rankings will be determined by the cumulative point total earned by a competitor at events within his or her selected region. All PRO-MAC events have already been designated as an event in either the East or West region. See list below.

All conference members will track points in either the East or West Region.

To begin tracking points in a designated region, a PRO-MAC competitor must select membership in either the East or West Region during PRO-MAC member registration. This selection is what allows the system to track the competitor's points and determine his or her REGION ranking. Competitors are NOT able to track region points in both the East and the West and must choose one region or the other. This Region selection cannot be changed once it is made until the conclusion of the current season.

Points from every PRO-MAC event a competitor attends within his or her designated region will be used to determine the PRO-MAC East and West Region Divisional Winners, East and West Divisional Top 5, and the East and West Region Overall Grand Champions.

The PRO-MAC Region Divisional Winners and Top 5 are determined for each rated tournament division by the cumulative point totals earned by a competitor at tournaments within a competitor's designated region.

The Region Champions in both regions are determined only by the cumulative point totals in the Grand Champion divisions earned by a competitor at tournaments within a competitor's designated region.

NOTE - if you designate yourself as an East region competitor, only points earned by competing in East region tournaments will apply toward the East region rankings; however, any West region tournaments that you attend (combined with your East region points) will accumulate for the PRO-MAC Elite Divisional, Top 5, and Conference Champion rankings.

EAST REGION

Memphis Open
East West Karate Challenge
Battle of Atlanta
Middle Tennessee Classic
Dixieland Nationals
Music City SMACDOWN

WEST REGION

Arkansas Open
Silver Sun Showdown
Ozark Mountain Nationals
Battle in the Midwest
Natural State Classic

PRO-MAC ELITE COMPETITORS OF THE YEAR

PRO-MAC ELITE Competitors of the Year will be determined by the cumulative point totals earned by a competitor in ALL rated tournament divisions (all forms, all weapons, and point sparring*) at ALL tournaments across the entire conference.

*NOTE - Grand Champion points are not included in the determination of this award. Only rated divisional points. Also excludes tournament specific divisions (i.e. open weight sparring, double elimination sparring, etc.)
